

Project 322276 CHEMiRNA FP7-PEOPLE-2012-CIG

Title: Chemical-based Platforms for micro-RNA Detection. Towards Novel OncomiR Assays

Collaboration agreement between Dr. Concha Lopez and Dr. Diaz Mochon

This Agreement is entered in Granada between Dr. Angel Concha Lopez, Chief of the Pathology Services and Director of Biobank of cells, tissues and tumours of the Hospital Virgen de las Nieves of Granada and Dr. Juan J. Diaz Mochon, Principal Investigator of the project 322276 CHEMiRNA and Ramon y Cajal Researcher of the University of Granada.

By this agreement Dr. Concha Lopez Lab will assist the project providing and handling human samples kept in the Andalusian Biobank (Regional Ministry of Health – Junta de Andalucía), in particular in the Node Hospitalario Virgen de las Nieves where Dr. Concha Lopez is its Director.

The parties agree to handle the samples following strictly the regional and national legislation under which the Andalusian Biobank regulates biomedical research uses:

- Real Decreto de Biobancos 1716/2011 - published in BOE (Boletín Oficial del Estado) on 18th November 2011.
- Ley de Investigación Biomédica 14/2007, published in BOE on 3rd of July 2007.

The parties agree to use human samples (blood, urine and tissues), belonging to the Andalusian Biobank under the supervision of Dr. Concha Lopez, to extract their miRNA population without any further manipulation.

The parties agree to work jointly and efficiently to achieve the final goal of the project which is the development of novel chemical tools and platforms for analysing miRNAs to improve cancer diagnosis.

This collaborative work is considered a Joint Project and therefore any resulting foreground IP and relevant scientific finding worth being published in peer-reviewed international journals created during the project will be shared equally.

The parties agree that Dr. Concha Lopez will assist and supervise any work related with biological sample handling and data interpretation which will arise during the running of the project.

Dr. Diaz Mochon agrees to share project progress with Dr. Concha Lopez quarterly.
